

SUNLESS TANNING GUIDELINE

For best results, please read and indicate that you understand and agree with the following information:

1. A BronzedBerry spray tan, like any self-tanning product, will not protect your skin from burning in the natural sun or in a UV tanning bed. Please take proper precautions when exposed to UV light.
1. Spray tans typically last 5-7 days. Maintaining your color is possible with subsequent visits every five to ten days. Healthy, hydrated skin will hold results longer and achieve results faster.
2. Wait a minimum of 8-10 ten hours after spray tanning before getting wet. This includes showers, pools, sweating and washing hands. More time, up to 24 hrs, will achieve a longer lasting result.
3. The initial bronzers in the spray tanning solution is makeup and may transfer to clothing or fabric. The bronzers are water-soluble and will wash out of most fabrics.
4. Temporary redness of the face and chest are common after using sunless tanning products. This goes away within one hour of application and does not affect the outcome of your tan. Most often this occurs if client has showered within the past few hours.
5. All the components of the spray tanning solution have been safely used in cosmetics for decades. Our ingredients are organic and safe for the environment. Pregnant and breastfeeding moms should feel confident using our products. *If you have questions please discuss this with your physician or Tanning Artist before proceeding.*
6. We recommend that you hold your breath during facial spraying. We make this recommendation because most individuals would prefer not to breathe the mist.
7. If you have a history of asthma or other respiratory or medical conditions that could be aggravated by the use of the spray tanning system, *please consult a physician before proceeding.* Please inform your tanning technician of any past allergic reaction to DHA products or other medical concerns.
8. Protective footwear must be worn inside the tanning tent at all times. Clients may not remove foot protection while in the tent. Client may purchase strapless sandals from Tanning Artist if they want no flip flop lines.
